

STYLISH, VERSATILE AND TOUGH

Every truck has its strong point. But what sets the H100 apart from the rest of the competition is its excellence in every major category. Whatever way you look at it, the H100 sets the standard by which all other trucks are measured - You get sophisticated styling that makes a confident statement about you and your business. And along with its smart, modern styling, the H100 delivers an equal measure of versatility and toughness. And because it's a Hyundai, you know the H100 is very economical to own and operate. So why make compromises when choosing your next truck? The H100 has you covered.

Stronger and Quieter

Entering its second generation, Hyundai offers the naturally aspirated T2. Mated to a five-speed manual gearbox and displacing 2.6 liters, it has a maximum ps rating of 79ps @ 4,000rpm and produces 17kg.m. of peak torque @ 2,200rpm.

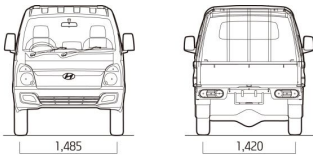

SPECIFICATIONS

ENGINE / MODEL	2.6L 5MT	2.6 GL CUSTOM 5MT
Displacement (cc)	2,607 Natural Aspiration	
Bore & Stroke (mm)	91.1 x 100	
Compression Ratio	22.0 : 1	
Max Power (kW/rpm)	58 @ 4,000	
Max Torque (Nm/rpm)	170 @ 2,200

Gross Combination Mass kg	4,250 kg

STANDARD FEATURES

Tailgate bolt
Secure loads are safe loads. The tailgate bolt serves to keep your cargo on the truck rather than the road.

Sidewall latch
Added side security for cargo retention comes in the form of these robust sidewall latches (Front).

Foldable Stopper
Foldable long load retention pegs help keep ladders, pipes, wood & other longer loads firmly in place.

Side Step
Easy access speeds operations and cuts driver fatigue. In addition to grab handles, the H100 offers this convenient side step.

Easy Access Inspection Panel.
The front panel (bonnet) is designed to open as easily as a passenger car to provide maintenance access.

Wide View Outside Mirror
A useful & meaningful safety enhancement, especially when parking, wide angle mirrors provide panoramic rear view.

Lockable Fuel Filler Cap
Protection for the fuel supply is provided by the security of a locking fuel filler cap.

Maintenance Free Battery
A positive asset in all operating conditions, adding worry-free durability to electrical dependability.

Sedan Inspired Cluster
Instruments that are comprehensive, easy to read and fully in vision. Quality information effortlessly delivered.

Bottle Storage & Door Map Pocket
Documents, maps or even light refreshments are easily stored and ready for use in the door mounted storage pockets.

CUSTOM MODEL - ADDITIONAL FEATURES

Power Steering
Precise power steering reduces driving effort, improving safety.

Steering Tilt
The optional tilting steering wheel further personalizes this benefit to the individual driver.

Air -Conditioning
Centrally mounted with easy and efficient dial controls, keeps the driver and passenger alert and fresh.

Fog Lamps
Not only sophisticated in styling but designed for practicality - increased peripheral vision at night.
